

## Dixiecrats Threaten To Fight Demos In '52

### Told Under Rules They Should Be Out

Washington, Aug. 23—(AP)—States righters threatened today to fight the National Democratic party again in 1952 if they are ousted from the national committee for bolting President Truman on the civil rights issue last year.

They were told that under party rules the committee is required to remove from its membership those who failed to support the regular Democratic ticket.

The Southerners who bolted the Truman ticket in 1948 to support the states rights candidacy of Governor J. Strom Thurmond of South Carolina stated their case at a long closed session of the credentials committee. Pro Truman forces forces sought to replace some of them.

**To Make Report**  
The credentials group, headed by Frank McHale of Indiana, will make its report to the national committee tomorrow in open session. With this hot fight disposed of, the committee will proceed to elect a successor to Chairman J. Howard McGrath who is entering the cabinet as attorney general.

This election is a foregone conclusion. William M. Boyle, Jr., of Kansas City, Mo., has no opposition for the chairmanship. He has the backing of President Truman and McGrath.

Besides seating controversies from Alabama, Louisiana, Mississippi, South Carolina and Texas, the credentials committee was asked to recommend filling of a vacancy in Wisconsin. There, Robert Tehan has resigned to go on the federal bench. Carl Thompson of Madison has been nominated to succeed him.

**Talbot Challenges Group**  
William H. Talbot, Louisiana committee member and states righter, challenged the jurisdiction of the credentials committee. He contended his membership, to which he was officially chosen at the last national convention, is a matter that lies with the people of Louisiana and the state Democratic committee.

"The credentials committee asked me if I would work with them in the future," he told newsmen, "but I told them I would only if they saw things my way."

The 300-pound Talbot, who is called "Little Eva," challenged the statement by McGrath that Talbot has left the Democratic party by supporting Thurmond.

"The Democratic party has left us," he asserted, because of its civil rights program and its tendency toward "left wing socialism."

"If the national committee kicks me out," he said, "I feel they will have kicked out the entire electorate of Louisiana and will have slapped the Democratic state committee in the face."

**Enough Dynamite To Blast Block Is Found On School**  
New York, Aug. 23—(AP)—Enough dynamite to devastate a city block was found today on the roof of a Brooklyn Jewish rabbinical school. It was tossed there by teen-age boys who became alarmed after lugging it through miles of New York subways.

Thirty-eight sticks of dynamite were found. Police said four 15-year-old boys threw the dynamite, stick by stick, onto the school roof.

Deputy Chief Inspector Howard O'Leary discounted any bomb plot against the school, but he said the boys will be charged with juvenile delinquency.

The school is the United Lubavich Yeshivah, a five-story brick building at Bedford avenue and Dean street.

With the dynamite were nine detonating caps—one of the most sensitive explosives on the market.

## Gen. Feldman Testifies That He Did No Wrong

Washington, Aug. 23—(AP)—Maj. Gen. Herman Feldman, who began as a private and wound up as head of the army's \$1,000,000,000 a year buying program, acknowledged today that he gave a "five percent" information on the Quartermaster Corps purchasing plans.

But he denied there was anything wrong in his actions. He said the plans were not secret, and had been published in at least one newspaper.

"I am prepared," Feldman told the Senate Investigations subcommittee, "to justify every action I have taken and every decision I have made."

The short, balding, 57-year-old Feldman, who has been suspended as Quartermaster general since July 16, said he may have made mistakes in his 38 years in the army. But he insisted, "at no time have I abused my position or misused the influence of my office."

At the time of his suspension, Secretary of the Army Gray said Feldman had "furnished to a contractor's representative procurement information under circumstances which appear peculiar."

This was Feldman's first chance to tell his story of his relations with this representative, James V. Hunt. As Feldman testified, denying that he ever sought gain or advantage for himself, his voice shook occasionally. Once he sounded as if he were near tears.

The subcommittee is studying the activities of "five percenters"—men who try to get contracts for business men in return for a fee.

Committee members made it plain that there are plenty of questions they want to ask Feldman when he takes the stand again tomorrow. Especially, they said, will they want to learn more about his relationship with Hunt, self-styled management counselor.

Hunt, who has said he is on friendly terms with many a Washington bigwig, today was called the "main star" of the inquiry by Senator Margaret Smith (R-Mo.). Among those Hunt has claimed as his friends is Maj. Gen. Harry Vaughan, President Truman's army aide.

**TWO MEN DROWN AS BOAT TURNS OVER**  
Hayward, Wis., Aug. 23—(AP)—Two men drowned and a third escaped unhurt yesterday when their boat capsized while they were fishing in Nelson Lake near here.

Authorities recovered the bodies of Lester Crubrough, about 35, South Beloit, Ill., and William Richy, Spring Grove, Wis.

The third man, Stephan Yaxa, Crystal Lake, Ill., swam to safety.

**House Votes That Labor Group Look Over School Aid**  
Washington, Aug. 23—(AP)—A freshman House member rounded up enough support today to force the labor committee to take another look at disputed proposals for federal aid to education.

Rep. Sims, first-term democrat from South Carolina, announced he had obtained the signatures of 13 of the 25 members of the committee on a petition to force a meeting on the subject. Under House rules, a majority of a committee's membership can compel the calling of a session, even though the chairman objects.

Chairman Lesinski (D-Mich) has refused repeatedly to call the committee together to reopen the education aid question, the focus of an embittered religious dispute.

As a result of Sims' triumph, a formal committee meeting will be held tomorrow. There were no suggestions, however, that the whole thorny problem had been solved automatically at one stroke. Rep. Nixon (R-Calif.), a committee member who didn't sign the petition, remarked "unless there has been a decided change of attitude, I can't see anything coming out of this new move."

## Fires Rage Out Of Control In Idaho National Forest

By the Associated Press  
Fires raging out of control in Idaho's Payette National Forest yesterday (Tuesday) caused the area to be closed to vacationers, while in Maine a dozen brush and timberland blazes were reported.

Three big fires and a smaller one in Payette were whipped by high winds after a few showers of rain had brought some hope to weary fire fighters. Seven new blazes were touched off by lightning.

To meet the emergency, Regional Forester E. B. Rice ordered all the Payette and Boise National Forests and a portion of the Sawtooth forest closed to vacationers. Motorists may traverse the forested areas only on main highways.

"The fires are still spreading and we are out of control," a forest information officer said. They now cover an estimated 15,000 acres.

Fifty new men are added to the 1,500 already on the fire lines. In Maine, Deputy Forest Commissioner Austin H. Wilking said the state staff was approaching to extreme drought conditions of 1947. At that time forest fires cost 16 lives and caused \$30,000,000 damage in the state.

In Quebec, army and civilian firemen stopped a five mile wide fire which had threatened destruction of the Laurentian mountain villages of Terrebonne Heights and Pincoirt, 25 miles north of Montreal.

The Idaho fires have burned over 15,000 acres. The Warm Springs fire, on the Salmon river east of Riggins, still is the hottest of the three major blazes in the Payette Forest, Joe Hessel, This blaze is raging in heavy stands of Ponderosa pine and Douglas fir.

Both it and the Circle End creek fire, near the south fork of the Salmon river, crowned badly during the night.

Terrain is a terrific obstacle to the crews in the Hell's Canyon blaze which has spread over some 7,500 acres since last Thursday and chose the life of one fire fighter.

Precipitous slopes and rolling rocks limit fire fighters. More than 12,500 acres were burned over in San Diego county, destroying some ranch property.

**10 Of 12 Alliance Nations Meet To Begin Organization**  
Washington, Aug. 23—(AP)—On the eve of the legal beginning of the North Atlantic alliance, representatives of 10 of the 12 member nations met today to begin planning for the organization of the western world provided in the North Atlantic treaty.

The pact will come into force tomorrow when France's ratification is deposited with the United States in a White House ceremony there. President Truman will sign (at 10:30 a.m. CST) a proclamation declaring the treaty in force.

Assistant Secretary of State George W. Perkins represented the United States in today's session which was also attended by representatives of Britain, Canada, France, Belgium, The Netherlands, Portugal, Italy, Norway and Denmark.

Of the 12 nations which signed the treaty here last spring only Iceland and Luxembourg were unrepresented.

**Union Plan To Give Chicago Area Some Gas Falls Through**  
Chicago, Aug. 23—(AP)—A union plan to provide limited gasoline supplies in Chicago area's AFL tank trucks' fell through today. But another program for emergency supplies was offered by struck operators.

The teamsters' strike, in its 13th day, has out motoring in the heavily populated Chicago area from Gary, Ind., along the Lake Michigan shore northward to the Wisconsin state line. In addition, many industrial and business firms face a critical fuel oil shortage.

The union's plan would have put all of the 1,600 strikers to work for independent bulk dealers who have accepted the union's wage demands. Some 300 to 400 independent service stations, unaffiliated with major companies, would have been supplied with enough fuel for 60 to 70 per cent of normal needs for the area.

The major company representatives made their proposal late today to Mayor Martin H. Kennelly. He immediately relayed it to union officials. They agreed to give their reaction tomorrow at a bargaining session called by federal conciliators.

## Senate Group Okays Part Of Arms Plan

### Johnson Denies Using Influence To Get B-36

Washington, Aug. 23—(AP)—Secretary of Defense Johnson today called "malicious" and "entirely false" any charge that his former connection with the company building B-36 bombers had anything to do with the air force selection of that plane to be its super bomber.

At the same time, Johnson blasted an existing "tendency to malign and defame—to assassinate the reputations of public officials."

Such a tendency, he told the House armed services committee, "is to me, much the same as a new, growing and dangerous cancer."

The committee is seeking at public hearings to determine whether any outside influence, political or otherwise, dictated the air force decision to make the B-36 its intercontinental bomber and atom bomb carrier.

Another parade of top defense and air force officials told the committee today that defense needs alone brought about the decision.

Besides Johnson the committee also heard:  
1. Lt. Gen. Edwin W. Rawlings estimate the cost of the huge B-36 program at \$1,022,000,000. Rawlings is the comptroller or finance boss of the air force.

2. Lt. Gen. Lauris Norstad likened to Benedict Arnold any officer who would let pressure beyond his own judgment influence any decision. Norstad is deputy chief of the air force staff for operations. He said he would be responsible for directing the air defense of the nation in event of war.

The committee's inquiry into the B-36 program stemmed from a speech in the House last May by Rep. Van Zandt (R-Pa.). Van Zandt said he had received "disturbing reports" concerning Johnson, Air Secretary Symington and Floyd Odom. Odom is head of the Atlas company, which controls Consolidated-Vultee, the firm which builds B-36 bombers.

**Do Not Take Up European Aid Program**  
Washington, Aug. 23—(AP)—A \$239,010,000 arms aid program for Greece, Turkey, Iran, Korea and the Philippines was approved today by the combined Senate committees on foreign relations and armed services.

No action was taken, however, on the \$1,160,990,000 that President Truman has asked to start rearming European signers of the North Atlantic pact, designed to erect a bulwark against any Russian aggression.

The House cut that proposed \$1,160,990,000 fund squarely in half, and knives are being whetted for it in the Senate too. Senator Wherry of Nebraska, the republican floor leader, announced he will oppose any foreign arms program at this time.

**Same As House**  
The authorizations approved today were the same as those okayed by the House—\$211,370,000 for Greece and Turkey, and \$27,640,000 for Iran, Korea and the Philippines.

The combined committees approved these amendments to the bill today:  
1. By Senator Smith (R-NJ), pledging a maximum effort by this country to provide the United Nations with armed forces, and to obtain an agreement for universal regulation and reduction of armaments.

2. By Senator Vandenberg (R-Mich) and Dulles (R-NY), to give congress power to end foreign arms aid any time it found such aid inconsistent with terms of the United Nations charter. The bill as submitted by congress reserves that right for the president.

3. By Senator Tydings (D-Md), stipulating that at least one-half of the arms shipments under the bill be moved in American vessels.

A senator, who asked not to be quoted by name, said that a determined effort will be made to kill the bill.

There is a strong movement to trim the size of the western European program. Vandenberg and Dulles, for example, want to hold it to an even \$1,000,000,000, divided equally between cash and contract authority. Others want to slice deeper.

## Tito Ready To End Feud With Russia

Belgrade, Aug. 23—(AP)—Marshal Tito's government said tonight it is ready to end its feud with Russia, provided the Soviet Union keeps its hands off Yugoslavia affairs.

In a stiff note to Moscow, the Belgrade regime declared its preparedness to reach a settlement with Russia on "all disputed questions."

Replying to two Soviet protests that Tito's regime had imprisoned and tortured 21 Russian citizens, the note offered to let those Russians go home. The offer holds good for all other Soviet nationals who want to leave Yugoslavia.

The Russians were palled, the note added, because they "seriously violated the laws of Yugoslavia by their espionage and hostile activities."

The Yugoslav reply went far beyond the immediate issue of Soviet prisoners, however. It reiterated that Tito is ready to negotiate with Moscow on a settlement of all points of difference that have cropped up during the 14-month-old scrap that began when the Cominform declared him an outcast because of his alleged anti-Soviet and nationalistic attitude.

George R. McSwain, chief of the Chicago FBI office, said Jakalski was arrested on a vagrancy charge when found loitering around a railroad yard in Cheyenne.

The FBI said Jakalski denied any knowledge of the holdup.

A routine check of his fingerprints revealed his identity, McSwain said. Sheriff N. E. Tuck of Cheyenne told McSwain that Jakalski gave his name as Joseph Novak and said he left Chicago May 6 and had been traveling about the country since.

The guards for the Brinks Express company, Joseph Den and Bruno Kozio, were machine-gunned to death on June 25.

The third member of the hunted group, Richard Tamborski, 28, is being held in Anchorage, Alaska, where he surrendered Saturday to the FBI. He was penniless and had made no effort to find a job, fearing he might be identified. Two others are held by Chicago police.

Clinton W. Stein, anchorage FBI agent, said Tamborski denied any part in the holdup killings.

**Income Of Lawyers Averages \$8,315**  
Washington, Aug. 23—(AP)—The net income of American lawyers averaged \$8,315 in 1948, the commerce department reported today.

Reporting on a survey it took by mail, the department said lawyers on salary were better than those in independent practice, for the latter average only \$8,121 although they make up two-thirds of all lawyers.

The report said, however, the averages are distorted on the high side by the fact that many lawyers receive very high incomes.

A more typical figure, the report said, was \$5,719. That was the median figure for lawyers, meaning that half their incomes were above and half below that figure.

**First Hurricane Of Season Veers North Along Coast**  
Miami, Fla., Aug. 23—(AP)—Storm warnings flew at Cape Hatteras tonight for a hurricane containing 100-mile winds which pounded the steamship Mormac Surf as it swirled northward off the Atlantic coast.

Grady Norton, chief storm forecaster in the Miami weather bureau, said the hurricane of moderate force probably would brush past Cape Hatteras about daylight, and might similarly approach Cape Cod, Mass.

As the small but fully developed first hurricane of the year swirled about 250 miles at sea off Brunswick, Ga., a new tropical disturbance developed in the Atlantic some 300 miles east of Puerto Rico.

Norton and Comdr. E. T. Harding, chief of the navy's hurricane central, said a storm-tracking plane found 50-mile winds in the new disturbance soon after barometric pressure began to drop, indicating rather rapid development. Close watch is being kept by navy and air force planes and surface ships.

## Powerful Finnish Trade Union May Split Over Strikes

Helsinki, Finland, Aug. 23—(AP)—A serious split in Finland's powerful central trade union federation appeared imminent tonight when five Communist unions refused to obey a federation ultimatum to end their wildcat strikes.

While the intra-union struggle raged, observers said they feared the Communists would try to extend their strike offensive to the metal industry. This would endanger Finland's war reparations to Russia.

When the wave of red-inspired walkouts hit, the federation ordered striking unions to end their walkouts by today or suffer expulsion from the federation. As the deadline passed, the unions kept silent and Communist leaders said the strikes would continue.

## Springfield Polio Quarantine Lifted At 12 Last Night

Springfield, Ill., Aug. 23—(AP)—City officials lifted Springfield's month-old polio quarantine at midnight tonight.

It meant that youngsters under 16 who have been cooped up in their own yards were free to play together again.

All compulsory restrictions were removed but city health officials urged voluntary compliance with such precautionary measures as avoiding unnecessary contact, unusual physical exertion and unnecessary travel.

The end of the quarantine came as Springfield went through its fourth straight day without a new case of infantile paralysis.

The city has had 57 polio outbreaks and 19 deaths since July 11. When the quarantine was imposed July 27 there were 16 cases including three deaths.

**Iron Lung Victims Teach Each Other To Breathe Again**  
New York, Aug. 23—(AP)—At a new polio center, iron lung patients are helping each other get out of their respirators.

They are men, women and children who had spent months or years in the lungs. Some were at home, some stranded in hospital rooms. There might be one or two in a single hospital, rarely more.

All lived in an isolated world by themselves. Many appeared doomed to dependence on the breathing apparatus for the rest of their lives. Often they became afraid to try to learn to get along without the respirators for fear of suffocating.

## Find Man's Body, Note That Tells Of Killing Niece

Detroit, Aug. 23—(AP)—Searchers found the bullet-pierced body of a house painter today with a note telling where they would discover the little niece he said he killed.

In the note, police said, Arthur Mayer, 30, stated he had thrown Barbara Jean Abern, nine from a dam. She had been missing since Aug. 12. Officers turned the search toward the dam.

Several hours later, however, a dozen officers and nearly a hundred volunteers still had not found the girl's body. They combed the pond a few miles northeast of Detroit where the note and a crudely drawn map said it could be found. A heavy scum on the water and numerous logs in it hampered the search.

The hunt began Sunday when it was learned that Mayer had not taken the girl to visit relatives. That is the reason he gave her parents when he gained their consent to drive away with her.

Suspicion that the man had harmed the girl grew today. Barbara's sister told police that Mayer had tried to take indecent liberties with her last summer.

## Donates Rare Blood, Uses It Next Week

Great Falls, Mont., Aug. 23—(AP)—James Dirks of Fairfield gave the Red Cross blood bank one pint of his blood considered a rare type.

One week later he was hospitalized with a perforated stomach ulcer and needed a transfusion. The only blood available, of the type necessary, was the pint he had donated.

## Killed Taking Son To Hospital

Peoria, Ill., Aug. 23—(AP)—A farmer was killed in an automobile crash today while driving his son to a Peoria hospital for a polio examination.

The dead man was William Schroll, 43, who operated a farm near Wyoming, Ill. Injured in the collision at a crossing of two gravel roads were his son, William, Jr., six, his wife, Mary, and Robert Symonds, Buda farmer, driver of the other car.

William, Jr., was wearing a brace. He suffered an attack of polio last year and has been visiting a Peoria hospital for checkups.

## Man, 91, Injured As He Falls Down Flight Of Stairs

Baltimore, Aug. 23—(AP)—A 91-year-old Chicago man was hurt seriously today in a fall down a flight of stairs at the Court House.

He was identified as Edward Outoun of 811 South street, Chicago. Police said they found a paper on him indicating he was deaf, dumb and blind.

No witnesses to the fall could be found. The man was treated in Mercy hospital for a broken leg and possible skull fracture. Doctors there said they had "not been able to confirm" the aged man could not hear, see or speak.

He was still unconscious two hours after the accident.

Police found a \$1,688 treasury check and one for \$700 from a Catholic convent at Avilla, Ind., in his pockets. He had also been carrying a postcard addressed to Mayor Fred Feich of Garrett, Ind.

## Chirodoid Says Toe-Nails Subject To 30 Diseases

Chicago, Aug. 23—(AP)—Your toenails are subject to more than 30 diseases, a doctor says.

The list of morbid toe-nail conditions was given today by Dr. Charles Krausz of Philadelphia at the closing session of the 37th annual convention of the National Association of Chirodists.

Dr. Krausz, Dean of Chirodoid at Temple university, said these nail ailments are, in many instances, identified with general skin diseases.

The association installed Dr. Floyd Frost of Toledo, O., its president for the coming year. Other officers named were Dr. Lester A. Walsh, Wilmington, Del., president-elect; Dr. Edward C. Stivers, Louisville, Ky., and Dr. M. Speizman, Wilkes-Barre, Pa., vice-presidents.

## 2 British Parties Argue At Council Of Europe Meeting

Strasbourg, France, Aug. 23—(AP)—British conservatives and socialists argued from different standpoints at the European consultative assembly today that Europe cannot live half planned and half free.

Hugh Dalton, a member of the British labor government, declared "it is surely impossible" to unite Europe without an economic plan for the continent as a whole.

Conservative David Eccles declared "trade cannot be consciously and deliberately expanded between democracies, some of whom believe in free enterprise while others believe in a kind of socialism which is restrictive, nationalistic and even totalitarian in tendency."

Three labor representatives then introduced a resolution calling for the prompt establishment of a single currency for all western Europe.

**COLONEL FRETS OVER FILM**  
London — (AP) — The man slouched on the bench at London's Waterloo station was just what a military policeman should not be: Cap over eyes, buttons undone, cigarette dangling from lips. The obvious colonel in civilian clothes bristled with indignation.

"Stand up man," he said. "What do you mean by setting such a slovenly example?"

"Eh, chum?" murmured the reclining figure.

"Dammit sir, what's your number? Who's your c.o.?" bellowed the colonel.

"Now look here, mate . . ."

At that moment he was called to take his place with other extras on the station platform for filming another scene in "Seven days to Noon." The colonel, speechless and scarlet, retreated.

## Foreigners Learn English In Eight Weeks

Ann Arbor, Mich. — (AP) — A sort of linguistic miracle is being accomplished here. Young foreign students, with little or no background in English, are achieving a fluency in eight weeks that might take as long as two years elsewhere. This is being accomplished by the University of Michigan's English Language Institute.

"There's been as much advance in linguistic science in the last 15-20 years," Dr. Charles C. Fries, director, says, "as there has been in the field of physics and atomic research."

Dr. Fries says the whole program rests on determination of the differences between the foreign language and English. Different sentence structure, different pronunciation of the same letter and different meanings of the same word provide the working area. Intense effort is then applied to eliminate "trouble spots."

Proof of the system is that about two-thirds of the students are ready to hold their own in English-speaking world after eight weeks. Each has a working vocabulary of about 1,800 words of usable English.

Dr. Fries looks forward now to the 39th institute session this fall. With it is almost sure to come again the student who learns "room and board," then tries to justify "eat our education" for "board of education."

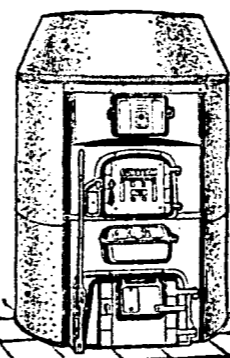

### MORTALITY STATISTICS

In 1942, more than 79,000 stillbirths were reported in the United States, a ratio of 28 out of every 1,000 babies born. About 35,000 of more than 2,800,000 babies born alive died on the first day of life, and 72,000 died before they were a month old.

Brazil's area exceeds that of the continental United States by about 250,000 square miles.

## Stocking Caps Slick Topknot

This girl turns an old stocking into a skull-cap to keep her bangs and hair-do smooth.

## BL ALICIA HART

NEA Staff Writer

The bob that hugs a girl's head like a close-fitting cap usually needs some homework to make it cling.

If flyaway hair, especially after a shampoo, blurs the outlines of your close-fitting bob, curb wild tendencies with a stocking cap.

A stocking cap is literally that. If it's a stocking disfigured for regular use by snags or runs, it can be kept in service to control hair after every shampoo.

Stretch the stocking top over your bob, first brushed, of course, to make hair lie smooth. Tie the dangling end at the top of your head after the stretchy top has been pinned to stay put.

If you wear bangs, see that they go under the stocking cap, for smoothness of this front fringe, is important to the smooth outlines of your cap-like coil. If you need to curl the ends of your hair, make pin curls by winding them up to the edge of your cap after it is anchored.

You slip inside. Twelve inches added to rear-seat cushions emphasize the biggest interiors you can buy for the money. A broad, curving windshield set in narrower corner posts means a better view any way you look.

Now touch the throttle. Not just high-compression power, but high-pressure Fireball power, to get the most from today's fuels today!

You finger the controls—not just standard transmission alone, but the magic smoothness of Dynaflo Drive\* at your option.

Try it in traffic—and less length bumper-to-bumper makes it a dream to park or handle. Try it on the road, and seats placed ahead of the rear axle add even more comfort to that unequalled Buick ride.

So you say, "How much?"—maybe bracing yourself mentally.

Then you learn that price is part of the good news too! Figures fit the modest budget as this handy-dandy fits the modest garage—and you get room, power, ride, and the smartest look on wheels at the lowest price you'll find on any valve-in-head eight!

So you size it all up with a happy "Buick's done it again!"—and see your Buick dealer quick as you can.

After all, the quickest way to get one of these into your garage is to get a firm order in!

Misses Rebbe and Stegeman attended clothing classes Wednesday and Thursday, and on Friday afternoon modeled dresses they made. Each received a participation ribbon. Planned recreational programs were held each evening for the delegates at the fair.

## Rent Controls In This City May Be Removed; No Local Office Now

Chicago, Aug. 23 — (AP) — The federal government is considering decontrolling rents in ten Illinois cities.

Regional housing expediter Oscar G. Abner said yesterday decontrol probably will be recommended in Quincy, Dixon, Freeport, Jacksonville, Mattoon, Kewanee, Woodstock, Canton, Paxton and Macomb.

Abner also declared it is virtually certain local rent control offices would be closed in Joliet, Decatur, Rockford, Bloomington and LaSalle. However, he said rent control would be continued in those five cities. Six other local offices probably will be shut down in Minnesota and Iowa.

Abner's announcements were made upon his return from Washington where he talked to Housing Expediter T. H. Wood.

## Baptist Church At White Hall Plans Dedication

White Hall—The First Baptist church, of which Rev. Ben S. Bohn is pastor, will hold a dedication service and homecoming at the church all day on Aug. 28, with open house during the afternoon, preceded by a basket dinner on the church lawn at noon.

Dr. Russell S. Orr will be guest speaker at the evening service at 7:30 o'clock. Dr. Orr is executive secretary of the Illinois Baptist convention.

DR. RUSSELL S. ORR

The church floors have been refurnished by Buell Martin and the new pews assembled and installed in the church by Alfred L. Martin. Ray Fraser and Earl Young have decorated the interior of the church, and new carpeting and asphalt tile has been laid.

Rev. Bohn has cordially invited the public to inspect the church and attend the homecoming and basket dinner.

More Offices May Close

In addition, the Illinois offices at Peoria and Rock Island are being studied with a view of shutting them. Abner also related that the federal government is considering dropping controls in some cities in Iowa, Minnesota and all cities now under rent control in the Dakotas.

The budget cut has forced the dropping of 2,400 employees throughout the nation and 100 employees in the Chicago region already have been told of their discharges, Abner said.

Administration of rent control for the Jacksonville area has for several years been carried on from the district offices at Springfield. Occasionally an employee of the Springfield office comes here for personal contacts with property owners or renters, where problems are to be worked out.

During a period of several years, local rent control was carried on from an office on East State street. After the rent office closed a representative of the Springfield office headquarters visited the Jacksonville post office one day each week.

Marie D. Lansing and Stella Doolin, Morgan county teachers, have returned from a 1400 mile tour of the New England states and Canada. Ninety Illinois teachers and their instructors made the trip.

Planned by the teachers themselves, the tour is an annual event for those taking summer courses at Western Illinois State College. Those making the trip receive credit towards their courses. The points of interest are selected on the basis of study subjects, including English, social science, geography and visual education.

The group traveled in three buses and were on the road 22 days. They toured Indiana, Ohio, Pennsylvania, West Virginia, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, New Hampshire, Maine, Michigan and Canada.

Faculty members included Dr. M. G. Bodine, Dr. Virginia Lowell, Reece Jones and Alvin Roberts.

SERVICES FOR INFANT Glasgow—Short funeral services were held at the Danner Funeral Home in Winchester Thursday, Aug. 11, at 3 p. m., for James Richard Walker, infant son of James William and Grace Breyer Walker, who passed away at Passavant hospital in Jacksonville at 12:15 o'clock that morning.

Rev. F. V. Wright, pastor of the Winchester Baptist church, officiated at the brief service, with burial being in the Winchester cemetery.

### Home Ceremony Unites Local Girl, Granite City Man

The country home of Mr. and Mrs. Eldon E. Oylar on rural route one was the scene of the marriage of their daughter, Mrs. Dorothy Clark, and Chester A. MacMillan of Granite City, which was solemnized in a rousing ceremony performed on Sunday at 3 p.m. by Rev. Leslie G. Houston, pastor of Central Christian church.

**Escorted By Father**  
The bride, escorted by her father, descended the stairway, decorated with palms and late hydrangea, entering the living room where the ceremony was performed before the fireplace banked with greenery. Tall candelabra, white gladioli and fern covered the mantel.

The matron of honor was Mrs. Roy Weisenborn of Granite City. Mary Lou Miller of Bloomington, niece of the bridegroom, served as flower girl.

The gown worn by the bride was of pale yellow marquisette over tulle. She had a matching hairbride picture hat and carried a colonial bouquet of white gladioli and yellow daisies.

The matron of honor was attired in a pale green organdy dress with

## New York Stock Market

New York, Aug. 23.—(P)—A declining market leveled off today after leading stocks had dropped fractions to a round point.

The market appeared to be vulnerable to only light selling pressure. Prices slipped at the start of business but losses were limited to small fractions. In mid-morning a short-lived gust of offerings easily forced prices downward still more but the pressure was lifted almost immediately and a further decline halted.

Lower were U. S. Steel, General Motors, Studebaker, Montgomery Ward, Sears Roebuck and Schenley.

Railway issues lost a little ground in the bond market.

## Elzie Bown Will Present Memory Feats at Illinois

Elzie R. Bown, nationally known memory wizard, will make stage appearances at the Illinois Theatre beginning Wednesday of this week and continuing four days.

Mr. Bown's appearance will be of especial interest, as he is a Morgan county man and considers Jacksonville his home. He has spent the past four years touring the United States, demonstrating his photographic memory for universities, colleges, civic clubs and theatres.

ELZIE R. BOWN

Mr. Bown is here visiting friends and relatives and taking a short rest before starting a tour for the University of Minnesota which will take several months to complete. Being a person who likes to keep busy, he contacted B. M. Montier, Fox theatre manager, and arranged for a personal appearance at the Illinois.

Mr. Bown can memorize a column of four digits almost instantly and for variety he will repeat the same figures in Japanese. He can repeat the column of figures in every conceivable way without the slightest sign of a brain strain.

He is so confident of his ability that he offers a personal reward of \$100 to anyone who gives him the year and date of their birth, and to

which he does not reply the correct day of the week upon which it fell. Mr. Bown presents other startling and unusual memory tests that seem almost unbelievable.

## MID-MORNING RALLY IN GRAIN PRICES CANCELLED LATER

Chicago, Aug. 23.—(P)—Grain prices did not show much change on the Board of Trade today. A mid-morning rally sent near-by wheat futures up around a cent, but much of this gain was lost later in the session. In contrast, July wheat sank around 2 cents at times.

Fractional changes ruled throughout the entire session in other grain pits. Cash receipts of both corn and oats were light and little hedging pressure entered either grain. But there wasn't much demand, either. Soybeans moved slightly above or slightly under yesterday's close with no definite trend established.

Receipts were: wheat 4 cars, corn 47, oats 13, rye 3, barley 9, soybeans 6. Wheat closed 1/2 lower to 1 1/2 higher, September \$2.01 1/2, corn was 1/2 lower to 1 1/2 higher, September \$1.22 1/2, oats were unchanged to 1/2 higher, September 66, rye was 1/2 higher, September \$1.44, soybeans were 1/2 higher, November \$2.45 1/2, and hard was unchanged to 7 cents a hundred pounds lower, September \$12.50.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 23.—(P)—Hogs lost the 25 to 50 cents they gained Monday in a slow trade today. Cattle and sheep however were steady to 25 cents higher.

Barrows and gilts grading good and choice sold from \$18.50 to \$21.50, generally speaking, but around one load topped at \$21.75 and a small lot reached \$22.00. Sows mostly took \$15.00 to \$19.25.

Steers reached \$29.00 for the first time since late in June. Six loads taking that price. A bulk of choice steers made \$27.25 to \$28.85 and high-medium to low-choice offerings were \$23.50 to \$27.25. Good heifers managed \$25.00 to \$26.50 and a load at the choice level was \$27.25. Beef cows topped at \$18.00, sausage bulls at \$20.50, and vealers at \$26.50. Spring lambs topped at \$24.50.

## Mexico City Irked By Cactus

Mexico City.—(P)—The newspapers are getting pretty annoyed with the city planners. And even a lot of just ordinary Mexicans don't like the idea of planting cactus in the middle of a main street.

It started early this year when the city fathers decided to fix up the Paseo de la Reforma, which connects the best residential districts with the business section. It had wide parkways on each side and lots of shade trees. The planners turned the parkways into additional traffic lanes in the downtown section. They sacrificed the benches, repaired the street and put a narrow parkway down the middle. The benches, life-sized bronze statues of minor national heroes and three-foot classical bronze urns which had lined the street, were re-erected farther out.

## Cards Beat Bums 5-3 Then Lose 4-3; Still 2 Games Ahead In NL

### Badger Sportman's License Solves Many Problems

Madison, Wis., Aug. 24.—(P)—Did you ever hear of the Wisconsin Sportsman's License?

It's a handy little card that bestows the privileges of hunting small and big game, fishing and trapping in one package for residents. And it only costs two dollars more than the four licenses would cost individually.

Success of the Wisconsin sportsman's license has not been epidemic in proportions.

It was introduced here in 1937 and George Sprecher, deputy director of the State Conservation Department, says he doesn't know of any other state which successfully has copied the scheme. Other states have combination licenses, but this is something else.

Here's how it happened.

As more and more people do more and more fishing and hunting, the native game populations decrease. And as farmers reclaim more and more of their waste land, there is decreasing habitat for what game remains.

### Channel Swimmer Not In Sight After 20 Hours In Water

Dover, England, Wednesday, Aug. 24.—(P)—Philip Mickman, the Yorkshire school boy, was still unsighted from here early today—more than 20 hours after he had plunged into the chilly waters of the English channel in his third attempt to swim from France to England.

Watchers here said conditions were still good, with the sea flat and scarcely any breeze.

There was no indication whether Mickman was near his goal—or still in the water. Several successful channel swimmers have taken more than 20 hours to reach the English shore.

Old timers said they felt the odds were against Mickman now. They said that after being in the water throughout the day he would be tired at the time he would have to swim against the early morning outgoing tide.

Mickman, 18, left Wissant, France, at 5:30 a.m. (10:30 p.m. CST Monday).

### Braves Overcome Pirates 5 To 2

Boston, Aug. 23.—(P)—By scoring a pair of runs in both the seventh and eighth innings, the Boston Braves overcame an early deficit tonight, and whipped the Pittsburgh Pirates 5-2.

A pair crowd of 14,405 saw the tribunes win their fourth in succession and the sixth out of eight since they returned home.

The Braves pulled off two unusual double plays, both at the expense of outfielder Tom Seaver, recently brought up from Indianapolis.

Safer was on second with one out in the sixth when Ralph Kiner walked one to center.

Safer rounded third then discovered the ball had been caught by Pete Reiser. The Pirate outfielder hustled back to second ahead of the throw but the Braves noticed he hadn't tagged third on the return trip.

The ball was whipped by Eddie Stanky to Connie Ryan who tagged third for the force out.

In the seventh plate pitcher Bob Chenevas was on third after a peculiar double and an infield out. Safer walked.

Johnny Hopp then popped to Sibby Sisti near the plate.

Sisti's pop to first was in time for Elbie Fletcher to retire Safer.

Pittsburgh . . . 200 000 000-2 6 1  
Boston . . . 100 000 22-5 10 1

Chenevas and Masi; Sain and Salkeld, Livingston (8).

### Senators Whip Cleveland 4 To 2

Cleveland, Aug. 23.—(P)—The Cleveland Indians suffered another chilling blow to their pennant hopes tonight when they succumbed to the Washington Senators 4 to 2.

Rae Scarborough allowed the Tribe only six hits to snap the Nats' losing streak at 11 straight. Bob Lemon was the losing pitcher.

Washington . . . 100 100 10-4 10 1  
Cleveland . . . 000 200-2 6 0

Scarborough and Early; Lemon, Paige (8) and Hegan, Tresh (8). Losing pitcher—Lemon.

I wish to extend my sincere appreciation and thanks to Dr. Reginald Norris, the blood donors, sisters, nurses, nurses aids and all who contributed in anyway to my comfort during my stay at Our Saviour's hospital, also to friends who so kindly remembered me with beautiful flowers, cards and visits.

The Amvets won their place in the finals of the American league when they defeated Merchant Jr.'s 17-10. They will meet Stoners tonight. Admission will be free at the Southside playoff.

Chlimaxing a series of games leading to the tourney finals, tonight's games are expected to draw a good crowd. All of the tournament games have been played at the Northside park but the finals were moved to Southside to accommodate spectators.

(Written By Frank Levin, Sports Writer, Freeport Journal-Standard)

Freeport, Ill., Aug. 19.—(P)—Foremost among Freeport sports oddities is an 80-year-old tennis player who may be the oldest netman in the state or, perhaps, the nation.

Dr. David H. Bokhof, 80, of 518 West Galena avenue, challenges anyone 50 years old or over to a match for the "aged championship." Any elderly athlete interested may conduct Dr. Bokhof and arrange the time and place.

The octogenarian plays regularly two or three times a week throughout the tennis season and meets all comers, regardless of age. He is an active member of the Freeport Tennis Club and annually plays in the club's tennis tournament, which includes the best netmen in the city.

Began At 45

Dr. Bokhof never had a tennis racket in his hand until he was 45 but has been playing regularly ever since.

Today, at 80, he still can give better-than-average players, 50 or 60 years younger, a good game. Early in this season he served as instructor for classes arranged by the Freeport Tennis Club. Recently he defeated one of his pupils (62 years younger).

Although he has never won a championship, Dr. Bokhof, when 55, played a Missouri collegiate championship match which lasted over two hours before he finally was beaten.

"I can play tennis at 80 because I have been physically active since I can remember and keep in perfect condition at all times," Dr. Bokhof said. He advises elderly persons to remain active to preserve their health.

Prefer Doubles

Because of his advanced years Dr. Bokhof prefers playing doubles to singles. "In singles you have to cover too much territory at 80," the doctor commented.

During the winter, Dr. Bokhof plays volleyball twice a week in a business men's league to keep in condition. As in tennis, all his foes are many, many years his junior.

Detroit, Aug. 23.—(P)—Johnny Mize reported to the New York Yankees in time to take batting practice before today's series opener against the Tigers and belted the first ball thrown to him by Coach Jim Turner into the right field stands.

Manager Casey Stengel did not start the big first-baseman. He left Tommy Henrich on first and inserted Cliff Mages in centerfield as a replacement for Joe DiMaggio, who has a sore shoulder.

Mize was a beaming 225 pounds when he reported.

"Did you ever hear of a player who objected to joining the Yankees?" he asked.

Shot twice and her throat slashed, a 14-year-old runaway girl was left for dead in the underbrush of a park here early this morning.

Clad only in a slip, and covered with blood, wet leaves and weeds, Ruth Turner staggered to the home of Mr. and Mrs. Arthur J. Chisenhall, nearby.

Her cries awakened the family. Taken into the house, she told officers she had been raped.

Her story brought about the arrest of Ernest Fought, 28, on charges of cutting and shooting to kill.

City Detective John Dedden quoted Fought as admitting orally that he shot the girl. He denied her charge that she had been raped.

At Booth hospital, the girl was reported in fair condition.

St. Louis, Aug. 23.—(P)—Jack Graham knocked his twentieth home run of the year with a runner on base in the seventh inning to help the St. Louis Browns upset the Boston Red Sox 5 to 4 tonight. The result dropped the Sox to two and a half games behind the league-leading New York Yankees and kept the Browns in their newly won 7th place.

All the Red Sox came in the sixth against Karl Drews and Dick Starr. Al Pappalardo came in as relief and held the Sox while Graham put the Browns ahead.

The Browns scored twice in the first inning on three walks, a single and a force out.

They added another in the third when Stan Spence, took third on Joe Dobson's wild pitch, and scored as Billy Hitchcock dropped the ball after snagging Dick Kokes' ground-er.

Bobby Doerr, Merle Combs and Dom DiMaggio singled. Birdie Tebbets walked and Starr threw a wild pitch which with Drews' balk accounted for the four Boston tallies in the sixth.

Charlie Stobbs, who went in to pitch in the sixth, threw the home run ball and was charged with his fourth loss of the season.

JUDGE FINES JUDGE FOR NOT BEING SUDER AS JUDGE

Columbia, S. C., Aug. 23.—(P)—"I suppose you were sober as a judge," observed Judge John I. Rice to a defendant in recorder's court today. Then he slapped a fine for drunkenness on defendant Joseph Judge.

## Middleweight Title Is Prize At Stake In Robinson-Belloise Bout

New York, Aug. 23.—(P)—A shot at the middleweight title is the prize supposedly at stake in tomorrow night's 10-rounder between Sugar Ray Robinson, the welterweight king, and balding Steve Belloise at Yankee Stadium.

Officials of the International Boxing Club have all but guaranteed the winner will face either Jake LaMotta or Marcel Cerdan, depending upon the outcome of their coming championship joust, in an indoor bout this winter.

This could be Robinson's farewell to the welterweights, particularly if he wins convincingly over Belloise, as the bookmakers favor him to do by odds of 1 to 3.

Sugar Ray, one of the real artists of the present era, just about fought himself out of good welterweight opposition by his recent decisive victory over Kid Gavilan of Cuba. Besides, the Harlem beauty has found it increasingly hard to make the welter limit of 147 pounds.

Both men must come in at 160 or under tomorrow night. Robinson is expected to scale around 152 at the weigh-in at noon. Belloise hit 159 after his final stiff workout yesterday. Robinson, in an unusual maneuver, continued to work on his timing today.

## Patricia Horton Wed To James E. Bentley

United Saturday At St. Laurence Church In Chicago

Miss Patricia Horton, daughter of Mr. and Mrs. H. J. Horton, former local residents, now of Chicago, and James E. Bentley, son of Mrs. Mary Bentley and N. E. Bentley of this city, were united in marriage Saturday at 10 a.m. in an impressive formal wedding in St. Laurence Catholic church, Chicago.

Rt. Rev. Mon. P. J. McGuire, pastor, presided at the single-ring ceremony. Mass was read by Rev. Connelly.

White Organdy Gown  
The bride, given in marriage by her father, wore a gown of permanent white organdy over white satin, with illusion lace forming the bodice, collar and a panel of the long train. Long sleeves came to points over her hands.

Her plush, finger-tip veil was held in place by a high tiara of seed pearls and her only jewelry was a single strand of pearls, gift of the bridegroom. She carried a white prayer book topped with two white orchids and satin knotted streamers.

Attending the bride were Miss Jane Spreen, her cousin, as maid of honor, and Miss Mary Bentley, sister of the bridegroom, as bridesmaid. The young ladies, both of Jacksonville, wore white dotted swiss formal and gaudleins and white picture hats of horse hair with satin streamers. Red rose wrist corsages completed their ensembles. They carried rosaries, gifts of the bride.

Miss Kathy Mossman, four year old niece of the bride, as flower girl, was dressed in a white organdy gown similar to that of the bride, and a white half-hat. She carried a baby orchid on a white prayer book.

Best man was Frank Shramoske and groomsmen were Ralph Schmidt, both of Chicago. Ushers were Joe Standley, brother-in-law of the bridegroom, of Jacksonville, and Jim Mossman, brother-in-law of the bride, of Chicago.

A breakfast for the wedding party followed at the South Shore country club. At 8 p.m. a reception was given at the home of the bride for 200 friends and relatives. A five tier white wedding cake was placed in the center of the beautifully decorated table.

For the wedding and reception, the bride's mother wore an aqua crepe street-length dress and brown accessories, while the bridegroom's mother chose a grey suit with black accessories. Both had corsages of pink bouffant.

The bride's going-away dress was of navy blue crepe, with matching accessories. The bride's corsage was of pink bouffant.

After a two-week visit at Lake Placid, N. Y., Mr. and Mrs. Bentley will be at home at 1346 E. 72nd Place, Chicago.

# Youngsters Polish Up Fishing Tackle For Rodeo At Lake Morgan

Boys and girls under eighteen years of age are polishing up their fishing equipment for the Junior Chamber of Commerce Fishing Rodeo which will be held Saturday, Aug. 27 from 1 to 6 p.m. at Lake Morgan near the Nichols Park east entrance.

Sponsored nationally by Better Fishing, Inc., the Rodeo will probably attract over two million boys and girls. Though no official estimate of participation in the local Rodeo is available, spokesmen say they expect several hundred youngsters to compete for the various prizes.

The grand prize will go to the boy or girl who catches the largest fish. That person will receive a complete fishing outfit, including rod, reel, line, and lures. This has been donated by Better Fishing, Inc., and will be presented by Mayor Ernest Hoagland.

Other Prizes Given  
There will be other prizes, too, one set for the boys and one for the girls. The grand prize is open to both sexes. And for the unlucky fisherman who catches the smallest fish, a prize will be given. No one has been overlooked, a Jay Cee official said.

Locally the Rodeo is under the guidance of Henry A. Dollear, and his Junior Chamber of Commerce committee. This committee includes Willard Ranson, Ralph Withee, Harlan Williamson, Bob Jenson, Harry Story, Jack Mathews, and Robert Fay.

The only entrance requirement is that the fisherman be under 18 years of age. Several rules have been announced by the committee for the conduct of the Rodeo. These rules follow.

All children under ten must be accompanied by an adult. Illinois State Fish and Game Code will be adhered to.

Fish must be hooked and landed by individual contestants. Only a single hook and line may be used. Casting will be limited to fly and bait casting.

All contestants must furnish their own tackle and bait. No boats will be allowed. All fishing must be done from the bank.
